KHALED DRARENI, ALGERIA

JAILED FOR HIS JOURNALISM

Khaled Drareni believes in principled journalism. He's made a point of covering the Hirak protest movement, which embraces freedom and respect for rights and liberties. Like many young Algerians, Khaled sees the Hirak movement as a chance to build a fairer, better Algeria. But this has placed him at odds with the authorities. They've arrested him many times, most recently in March 2020. Khaled is in prison, simply for doing his job.

Tell Algeria to free Khaled now.
