Further Information on UA 156/07 (AFR 54/032/2007, 19 June 2007) and follow-up (AFR 54/035/2007, 22 June 2007 and AFR 54/040/2007, 6 August 2007) - Prisoner of Conscience

**SUDAN** Dr Mohamed Jalal Ahmed Hashim (m), lecturer at Khartoum University

**Released:** Mujahed Mohamed Abdallah (m), journalist  
Abdallah Abdelgaum (m), member of the Mahas community  
Alam Eldin Abdelghani (m), lawyer (note corrected name)  
Osman Shamat (m), driver  
Imad Mirghani Sid Ahmed (m), lawyer  
Osman Ibrahim (m), Secretary General, Committee Against the Building of the Kajbar Dam

All those arrested in connection with opposition to the Kajbar Dam have now been released, except for Dr Mohamed Jalal Ahmed Hashim. They were reportedly released after signing a promise not to engage in political activity against the Kajbar Dam. Some of the released detainees said that, though they were not physically ill-treated, there was some psychological ill-treatment, for instance by national security personnel discussing torturing them in their hearing.

Dr Mohamed Jalal Ahmed Hashim refused to sign a broadly-worded statement which would commit him not to engage in activity relating to the Kajbar Dam, not to attend any meeting on the Kajbar Dam, and not even to speak in any gathering about the Dam, negatively or positively. In addition the statement would commit him not to engage in any "general political activities" or criticise any state personalities. Amnesty International considers Dr Mohamed Jalal Ahmed Hashim to be a prisoner of conscience, detained for non-violent political beliefs, and calls for his immediate and unconditional release.

Dr Mohamed Jalal Ahmed Hashim was last visited by his family two weeks ago. At that time he said he made no complaints about his treatment in detention. He was then in Debek Prison, north of Khartoum, but may now have been transferred to the national security wing of Kober Prison in Khartoum North. Dr Mohamed Jalal Ahmed Hashim is a specialist in Nubian languages, and had been due to speak in Paris at a Colloquium on Nilo-Saharan Linguistics on 24 August.

#### **BACKGROUND INFORMATION**

The Kajbar Dam is to be located on the third cataract of the Nile in north Sudan. Local residents are protesting against the destruction of their villages and the failure of the authorities to hold a proper consultation over the proposed dam construction.
