Medical and Psychosocial Services for Victims of Human Rights Violations

This document gives address and contact details for nearly 150 services working with victims of political or other forms of organized violence in 43 countries. It replaces earlier circulars (see ACT 75/01/94, January 1994 and ACT 75/02/95, July 1995) and updates ACT 75/01/98, February 1998).

Entries are listed for the following countries and territories: Argentina, Australia, Austria, Bangladesh, Belgium, Bosnia, Bulgaria, Canada, Chile, Colombia, Croatia, Denmark, Ecuador, Egypt, Finland, France, Germany, Greece, India, Malawi, Mexico, Namibia, Nepal, Netherlands, New Zealand, Norway, Pakistan, Palestinian Authority, Paraguay, Philippines, Russia, Slovenia, South Africa, Sri Lanka, Sweden, Switzerland, Turkey, Uganda, United Kingdom, Uruguay, USA and Zimbabwe.

It should be stressed that in addition to these particular services many refugees and other victims of human rights violations are seen by doctors and other health professionals, via the general health and social service systems operating in different countries. The list does not include details of those who wished not to be listed or who did not respond to requests for information.

We would welcome details of other trauma services as well as corrections to the present list.

(Anyone interested in a 1997 study by Meredith Larson on services to survivors of torture and organized violence in the United States and Canada can contact Ms Larson by e-mail (E-mail: mlarson@igc.org) or by writing to: Meredith Larson, PO Box 410653, San Francisco, CA 94141-0653, USA.). An article based on her research is due to be published as "US and Canadian torture treatment programmes and their approaches to care with adult and child survivors" in *Torture* 8 (Supplement no. 1) 1998, available from: IRCT, Borgergade 13, DK 1014 Copenhagen, Denmark.)
