Dear Minister,

In line with official commitments that human rights would improve in the run-up to the Beijing Olympics and with a view to promoting a positive human rights legacy for the Games, I urge you to secure Bu Dongwei's immediate and unconditional release. I also urge you to do everything within your power to end the use of Re-education through Labour and other forms of punitive administrative detention in China imposed without charge, trial or judicial review in violation of international human rights standards.

Sincerely,
