ISRAEL: AMNESTY INTERNATIONAL CONDEMNS KILLING OF CIVILIANS

Amnesty International condemns today's killing of four civilians in a suicide bombing in Tel Aviv and called on armed opposition groups to stop such attacks immediately.

The Islamic Resistance Movement (HAMAS) has reportedly claimed responsibility for the bombing. The bombing took place in a cafe killing four civilians and wounding at least 48 others.

"The deliberate and arbitrary killing of civilians can never be justified in any circumstances. We call on Hamas and other armed opposition groups to stop such attacks immediately," Amnesty International said today.
