AND ON, AND ON

I am concerned that many people arrested following the May 2008 attack on Omdurman are still unaccounted for

AMNESTYINTERNATIONAL

The thousands of families of the Abu Salim Prison victims have the right to know why their relatives were arrested. disappeared, victimized and killed in June 1996. These families deserve answers and reparation from the Libvan authorities for the long years of suffering and waiting to discover the fate of their loved ones.

Families will only be able to mourn and move on with their lives once their suffering is recognized. I urge you to ensure that impartial, independent and full investigations are conducted immediately, that the results are made public and the perpetrators are brought to justice.
