AMNESTY INTERNATIONAL is a worldwide movement which is independent of any government, political grouping, ideology, economic interest or religious creed. It plays a specific role within the overall spectrum of human rights work. The activities of the organization focus strictly on prisoners:

- It seeks the *release* of men and women detained anywhere for their beliefs, colour, sex, ethnic origin, language or religion, provided they have not used or advocated violence. These are termed "*prisoners of conscience*".
- It advocates *fair and early trials* for *all political prisoners* and works on behalf of such persons detained without charge or without trial.
- It opposes the *death penalty* and *torture* or other cruel, inhuman or degrading treatment or punishment of *all prisoners* without reservation.

AMNESTY INTERNATIONAL acts on the basis of the United Nations Universal Declaration of Human Rights and other international instruments. Through practical work for prisoners within its mandate, Amnesty International participates in the wider promotion and protection of human rights in the civil, political, economic social and cultural spheres.

AMNESTY INTERNATIONAL has over 2,000 adoption groups and national sections in 39 countries in Africa, Asia, Europe, the Americas and the Middle East, and individual members, subscribers and supporters in a further 86 countries. Each adoption group works on behalf of at least two prisoners of conscience in countries other than its own. These countries are balanced geographically and politically to ensure impartiality. Information about prisoners and human rights violations emanates from Amnesty International's Research Department in London.

AMNESTY INTERNATIONAL has consultative status with the United Nations (ECOSOC), UNESCO and the Council of Europe, has cooperative relations with the Inter-American Commission on Human Rights of the Organization of American States and is a member of the Coordinating Committee of the Bureau for the Placement and Education of African Refugees of the Organization of African Unity.

AMNESTY INTERNATIONAL is financed by subscriptions and donations of its worldwide membership. To safeguard the independence of the organization, all contributions are strictly controlled by guidelines laid down by AI's International Council and income and expenditure are made public in an annual financial report.
