**Control Arms campaign success: Thank YOU!**

The million faces Stadium- Control Arms- June 2006

This Summer, you joined our Million Faces Stadium initiative and signed our petition demanding an Arms Trade Treaty. After three years of campaigning in 170 countries, the Control Arms campaign achieved a massive victory at the end of October, when the United Nations passed a resolution to start work on an Arms Trade Treaty.

We would not have reached this point without the support of the more than 1 million people who, like you, have joined the Million Faces campaign. So Amnesty International and Make Some Noise would like to thank YOU for making a difference!

We would like to keep sending you cool ways you can make a difference for human rights through our Make Some Noise campaign -- like our new webpage where you can upload your own video to call for Guantánamo Bay to be closed.

Make Some Noise is a groundbreaking project bringing together music and activism, and you can support us by downloading exclusive new music recorded for Amnesty International.
