## **Call for applications or proposals**

### **Applications for funding invited**

Community REACH is inviting applications for funding from prospective local and community-based NGOs that address Positive Prevention, Care and Support for People Living with HIV/AIDS (PLWHAs). Community REACH is a five-year, USAID-funded program designed to facilitate the efficient flow of grant funds to organizations involved in the fight against HIV/AIDS, including, regional and local NGOs, universities and faith-based organizations. Funded activities should be consistent with USAID's goal of "increased use of improved, effective and sustainable responses to reduce HIV transmission and to mitigate the impact of the HIV/AIDS pandemic." To be eligible, applicants must meet the following requirements: 1) Proposed project(s) must be implemented in one or more of the following ten countries: Cote d'Ivoire, Ethiopia, Guyana, Haiti, Mozambique, Namibia, Nigeria, South Africa, Tanzania and Zambia; 2) Primary applicants must be local, indigenous non-governmental organizations (NGOs) implementing local, national or regional HIV/AIDS activities. The date for submission of applications is August 12, 2004. Details: [www.pactworld.org/reach](http://www.pactworld.org/reach)

### **Call for proposals: population, reproductive and sexual health and rights**

The Population Council, India, is calling for proposals for the Fellowship for Health and Population Innovation, 2005-2006 (Formerly the MacArthur Fund for Leadership Development).

The Population Council, India, provides fellowships to those individuals who wish to evolve innovative approaches including action and/or research initiatives in the areas of population, reproductive and sexual health and rights and generate sound evidence to inform programmes and policy as well as potential replicability and scaling up of these approaches Details:
