---

Alfred Codrington, Lindsberth Logan and Nicolás Antonio Guevara, due to be executed on 9 December 1994, have been granted stays of execution by the Governor General of Belize pending the outcome of their leave to appeal to the Judicial Committee of the Privy Council (JCPC) in London. The JCPC, which is the final court of appeal for Belize, had submitted a petition to the Government of Belize on 7 December asking for stays of execution for the three men.

No further action by the Urgent Action Network is requested at present. Thank you to all who sent appeals on behalf of the three men.
