DEMAND EQUALITY AND HUMAN RIGHTS FOR THE ROMA, HERE AND NOW!

Six million Roma live in the European Union. Most of them are EU citizens. They are the largest and one of the most disadvantaged minorities in Europe.

Hundreds of thousands of Roma have been forced to live in informal settlements and camps, often without heating, water or sanitation; tens of thousands are forcibly evicted from their homes every year.

Thousands of Romani children are placed in segregated schools offering substandard education.

Roma are often denied access to jobs and quality health care.

Roma are victims of racially motivated violence and are often left unprotected by the police and without access to justice.

This is not a coincidence. It is the result of widespread discrimination and racism that Roma face throughout Europe.

Governments are failing to protect their rights. What about the EU?

TAKE ACTION NOW

Join our global appeal calling on the European Commission, the executive body of the EU, to take decisive action to end anti-Roma discrimination and racism.

Stand up for human rights. Stand up for the Roma rights. Help us fight discrimination here and now!
