REPUBLIC OF MALDIVES Ali Moosa Didi, writer and politician
Ahamed Shafeeq, aged 67, former civil
servant, writer
Mohamed Shafeeq, former civil servant

Amnesty International remains concerned about the health of Ali Moosa Didi and Ahamed Shafeeq, who were arrested on 21 April 1995 and about the health of the latter's son, Mohamed Shafeeq, who was arrested on 17 July.

Ali Moosa Didi, who suffers from a heart condition, was transferred from Dhoonidhoo detention centre to Male' police headquarters on 16 July. It has recently been reported that his health has deteriorated, and he has been seen being taken to hospital in Male' for treatment. His relatives were reportedly allowed to see him in hospital but were not allowed to speak to him.

Mohamed Shafeeq was transferred from Dhoonidhoo detention centre to house arrest on 15 August. As is the case with his father, who also continues to be under house arrest, he is allowed to receive visitors. Reports indicate that Mohamed Shafeeq is physically weak which may be as a result of ill-treatment he received while detained at Dhoonidhoo detention centre.

To date, Ali Moosa Didi, Ahamed Shafeeq and Mohamed Shafeeq have not been charged or brought before a court.

FURTHER RECOMMENDED ACTION: Please send telegrams/telexes/faxes/express/airmail letters in English or in your own language:

- calling for the immediate and unconditional release of the three detainees, if they are not to be promptly charged with recognizable criminal offences.
