UZBEKISTAN Rafael Farkhatovich MUBARAKSHIN ( \_\_\_\_\_ ),  
aged 21

---

Rafael Mubarakshin was executed on 5 July 2000.

When his mother tried to visit him in prison in July, she was refused access. On 7 August she was told by Tashkent City Court, which sentenced her son to death in December last year, that he had already been executed. Later that day she was given the death certificate confirming the execution.

Rafael Mubarakshin's mother was neither allowed to see the body of her son to pay her last respects, nor told where his body is buried.
