Join Amnesty International and be part of a global movement who produce extraordinary results. Release prisoners of conscience. End death sentences. Bring torturers to justice. Persuade governments to change their laws and practices.

Together we can make a huge impact on the lives of thousands of individuals and communities.

Amnesty International is the world's most influential human rights organization. We protect people, defending their right to freedom, to truth, and to dignity. We do this by investigating and exposing abuses where they happen and mobilizing our three million supporters worldwide to intervene where individuals are at risk. We also educate future generations, as we believe that one day the dream of human rights for all can become a reality.

We are independent of any government, political ideology, economic interest or religion, and are driven and funded mainly by our membership and public donations.

Together, we can make a difference.

Yes. I want to make a difference.
