

AFRICA MUST ACT!

Break the silence on Zimbabwe!

**Stop the human rights violations in
Zimbabwe - you can make a difference.**

Men, women and children watched as their homes and lives were torn apart by the Zimbabwean government - brick by brick, plank by plank

Poor, informal, small traders watched as their life-long investments were destroyed

The poor are much poorer today because of this inhuman action by their own government

TAKE ACTION

Act in solidarity with victims of human rights violations in Zimbabwe.
